

A groundbreaking account of the American Revolutionâ€”from the bestselling author of American Dynasty. In this major new work, iconoclastic historian and political chronicler Kevin Phillips upends the conventional reading of the American Revolution by debunking the myth that 1776 was the struggleâ€™s watershed year. Focusing on the great battles and events of 1775, Phillips surveys the political climate, economic structures, and military preparations of the crucial year that was the harbinger of revolution, tackling the eighteenth century with the same skill and perception he has shown in analyzing contemporary politics and economics. The result is a dramatic account brimming with original insights about the country we eventually became.

Neutrinos in High Energy and Astroparticle Physics, Tim Madison, Galactic Warrior, Tarot for Beginners, In the Common Defense: National Security Law for Perilous Times, Phynnodderree and Other Legends of the Isle of Man: Manx Fairy Book, OVEJAS (Que Hacen.../ What They Do...)
