

Learn how to deepen closeness, stop conflicts, create intimacy and get more sex with these 7 simple, subtle secrets to love. Relationship and sex coach Poulina Middleton has been working with couples and partners for years, and her experience has brought her to discover 7 fundamental truths that can help every couple create a better relationship, stop arguments about sharing daily chores, and rekindle their desire for intimacy and sex. To explore these truths, she invites readers to go on a journey down 7 metaphoric paths, moving from one way of viewing and experiencing love to a new, better way. Four paths are specifically for the man, to give him more space and respect in the relationship and to connect to his partner through listening and honesty. Three paths are specifically for the woman, to show her how to respect herself and let go of taking responsibility for everything. In addition, Middleton adds three more paths to avoid for both men and women—paths that lead couples away from deep love, intimacy, and great sex. 7 Paths to Love is for all couples already in a relationship yet not getting the love they long for. It is also for single people who are seeking to find a partner, as they can use these paths to find out if someone they meet might be the right person.
