

The Art of Autism offers an incredible glimpse into the imaginative world of people on the autism spectrum. With fifty-four artists from around the world representing all ages, the book shows that autism has no boundaries and manifests differently in each person diagnosed. At once inspiring and myth defying, the art spans a range of emotion and subject material. This is a must read for those who are interested in the creative potential of the human mind.

Overture to Tales from a Costa Rican Bed and Breakfast: Full Score and Parts, Pensamientos Fotograficos: Desarrollo de la angustia vital y el pensamiento a traves de bellas imagenes (Spanish Edition), Energy Saving in Buildings: Results of the European Communities Energy R&D and Demonstration Programmes (1979-1983) Proceedings of the International ... Hague, The Netherlands, 14-16 November 1983, Global Migration and the World Economy: Two Centuries of Policy and Performance (MIT Press), Eagle in Flames: The Fall of the Luftwaffe, Catalog of intensities and magnitudes for earthquakes in Alaska and the Aleutian Islands, 1786-1981 (U.S. Geological Survey bulletin),
