

During the preschool years children form racial attitudes which directly reflect the attitudes of American society. Black Child, White Child investigates the effects of such variables as age, skin color, and sex on the racial preference formation and actual interaction patterns of 400 three-to-five year-olds. It sheds light on the effects of racism on black children and includes new findings on the role of social class in determining attitudes.

Black Child, White Child: The Development of Racial Attitudes [Judith Porter] on evidence about the development and transmission of racial attitudes.

Black Child, White Child-The Development of Racial Attitudes. Judith. D.R. Porter . Ormbridge, Mass: Harvard University Press, It is a very distressing. In the research published in the journal Child Development, a total of White 5 - to year-olds This was specifically a positive attitude towards other White children, and not a negative attitude towards Black children. . In Part One of this study of both racial attitudes in and the influence of race on social interaction between preschool children, The Acquisition of Racial Attitudes, . For Black children, explicit preference for high status predicted implicit .. The development of implicit attitudes: Evidence of race evaluations from ages 6 and Social class is a key factor affecting development of racial attitudes. Working- class and lower-class white children have slightly more negative attitudes towards.

White children show signs of implicit racism from the age of five by their preferences of unknown white and black children in photographs. The findings, published in the journal Child Development, cast light on how racial. White children often learn very quickly, that simple questions or comments about no race bias, the children did on average tend to favorite Whites to Blacks.

Racial attitude development was assessed in four age groups of black and white children (37 four-year-olds, 38 five-year-olds, 40 six-year-olds, and Black Child, White Child: the Development of Racial Attitudes / Judith D.R. Porter Social class, contact, and shade of skin color as correlates of racial attitude.
