

The love of a young Ulster policeman for a country girl he rescues from the unsavoury attention of an army patrol near the Irish border is beset with seemingly endless and insurmountable problems, not least of which is the discovery that she belongs to a family steeped in republican tradition, with one brother actively involved in the livestock smuggling business and another a devoted member of the Irish Republican Army. Adam Maguire endures threats and intimidation, eventually being caught up in a horrific ambush that almost takes his life. But he is mysteriously nursed back from the brink of death and his stricken body left where he would be found by colleagues. Throughout his subsequent career as a policeman in various postings, and a loveless marriage to a cold beauty, Adam never forgot, or lost his love for, the plain little girl he rescued at the border. Then familiar faces reappear, bringing with them the hope that he could only dream of.
