

A fun and cheerful way to consider the very serious subject of global warming. Written in a multiple-choice, trivia quiz format, through 71 questions (and answers), this book addresses many issues related to global warming. For added entertainment value, most questions have a silly (or absurd) answer choice in addition to the serious choices. The correct answers often go into greater detail about a particular question. The answers are supported by a bibliography/recommended reading section. Laugh. Learn. Conserve.
