

Whether you are still in high school or thinking about returning to school, the decision to go to university is a crucial one. Once you've decided to go, making the right choice of school and acquiring the skills needed for success demand the same research no matter what your age or background. This book helps you make those decisions by detailing each step along the way--from getting information about schools and programs that interest you to the best way to be organized and succeed in your course work. Comprehensive, up-to-date profiles of Canadian universities are provided as well as exercises to help you pinpoint your goals and interests. This book anticipates and answers all the questions you will have about going to university in Canada: --How do I know if a university education is right for me? --What are the benefits of having a university degree? --How do I choose the university that's right for me? --What will university life be like? --What's the best way to study and stay motivated? --Are there universities that offer degree programs by distance education? --What are the admission requirements for international students? --What happens after I get my degree? This new, revised edition includes the latest information available on each university and a new chapter on Internet information and contacts.
