

Composing Useful Pasts discusses how history is not a settled record of the dead past, but a poetic or imaginative creation stimulated by and focused on contemporary interests. Historical investigation is always and necessarily a selective reading of events. It is an interpretation that arises only because of some pressing question in the present a question that can only be answered in terms that address the interests, concerns, and problems of contemporary readers. This book employs a postmodern philosophy of the human sciences to show the power of historical explanation in contemporary political life. It explores issues as diverse as the interpretation of the French Revolution, the influence of Greek heritage on Western culture, and the ongoing debate about America's founding principles.

In literary and historical analysis, presentism is the anachronistic introduction of present-day ideas and perspectives into depictions or interpretations of the past. wrote history in a way that used the past to validate their own political beliefs.
