

This eBook is the second in The Abridged Roman York series of short introductions to aspects of the fascinating archaeological remains of Roman York. Constantine: A Roman Emperor at York discusses the evidence for and impact of one of Rome's most famous Emperors - intimately connected to the city following his accession here in AD 306. It covers the political and historical background of the period, Constantine's cultural and archaeological effect upon the city of York, evidence for Christianity in the city, and the evidence for the Emperor's presence here. This eBook presents one of Roman York's most eponymous historical characters to a wide audience; it is intended to be accessible for a non-specialist audience but is for all who are fascinated by history. Each title in this series aims to provide an overview of a subject and discuss the interesting and important features therein with specific relevance to the city of York (UK) backed up by fully referenced textual sources and as many images as can be squeezed in.
