

One constant that runs through a conversation between members of every church is that, to them, their church is “home,” the home of weddings and funerals, baptisms and confirmations, of booming hymns of worship and quiet moments of prayer. What if that home were to be taken away? Would the faithful have a voice? Cornerstone is the story of one such home, St. Mary’s in Logansport, Illinois. St. Mary’s has stood as the centerpiece of the small town since 1921, constructed in the days when a congregation, not a contractor, built a church. As she has aged, St. Mary’s upkeep has become a growing financial drain on the diocese. When a former resident of Logansport offers to take the building off the diocese’s hands “with less than honest intentions” two people from distinctly different backgrounds find themselves joined together in a single quest. The fate of St. Mary’s may just be in their hands. As they work against the clock, they learn where their faith resides and why the family of St. Mary’s calls her home. Cornerstone reflects the Midwestern faith and values that remain strong to this day, but are too often ignored or ridiculed in our ever-increasingly jaded society. Humor, conflict and resolution, and a simple sense of respect can be found in the characters and events of Logansport, and Cornerstone shows that the true foundation of a church is not a stone at all, but every hand and heart lifted up within it.
