

A partir de la fisiologia de la reproduccion, en esta obra se ofrece una panoramica de los procesos biologicos y hormonales mediante los cuales se conserva la especie humana, sea en America del Norte o en Africa. La comparacion entre usos y costumbres tan disimbolos como pueden ser los de una tribu lese y los propios de la sociedad occidental es el telon de fondo contra el cual se contrasta la influencia de lo social en la fisiologia femenina, y a la cual terminan por ajustarse, de forma evolutiva, los ciclos biologicos reproductivos.

Ancient Classics for English Readers: Catullus, Tibullus, and Propertius (Classic Reprint), Of Love and Betrayal, How to Share Your Faith with Anyone: A Practical Manual of Catholic Evangelization, Auf Der Suche Nach Dem Verschwundenen Hund (2.
