

From the Editors: As we put the final touches on this issue of EIR, the central conception behind LaRouchePAC's Oct. 10 webcast, "Overcoming the Imperial Drive for a New Dark Age," our Feature, is coming even more sharply into focus. Mankind is threatened with a New Dark Age of unprecedented proportions, marked most dramatically by the rampaging expansion of two deadly scourges—the ISIS barbarians, and the deadly Ebola virus. Both come to you, directly or indirectly, courtesy of the British Empire. We draw your attention specifically to one crucial aspect of that webcast discussion, Lyndon LaRouche's proposed solution: "We need an alliance of forces, regionally and internationally, of the same sort which is actually required to put an end to the British Empire's financial disintegration and the horror-show which they have created economically as well." LaRouche said we don't exactly know how the end-game will work on this, but we do know our responsibility in the United States. And he addressed the United States population, and the Congress in particular, asking: Are you capable of acting properly to do your part to prevent this coming war before it starts? If so, then oust Obama and his Republican guards, like Speaker Boehner. There is already a global alliance, centered on the BRICS nations, which is cooperating against the British Empire's economic warfare. This is the alliance that the U.S. must join, to defeat these threats as well. In our news sections, you will find the relevant updates on the crucial battlegrounds. In International, the assault on Southwest Asia: "Battle for Kobani: War, Chaos in Southwest Asia Threaten Russia and Beyond"; and "The Strategic Stakes in Brazil's Presidential Elections." There is also an exclusive interview with Malaysian scholar Dr. Chandra Muzaffar, president and founder of Just International. In Economics, a specific update on the Ebola crisis, as of last week-end: "Officials Admit Defeat in Face of Ebola Threat." And in National, the new phase of the campaign to declassify the 28 pages of the Joint Congressional Inquiry on 9/11: "Harlem Town Meeting: To Stop World War III: Release the 28 Pages!" This campaign is the most important flank for halting World War III, as Helga Zepp-LaRouche put it, because its success would blow the lid off the role of the Saudi funding of terrorism, not just in 9/11, but in the current ISIS drive. And finally, be sure to take note of the announcement of the newly founded publication, the EIR Daily Alert Service, with subscription information provided (p. 38).
