

Introduzione di Emilio Tadini. Testo Italiano e Inglese. Milano, 2001; br., pp. 156, ill. b/n col., cm 17x24. Cinquant'anni di storia Orlandi (qui raccontati in un percorso non certo lineare tra modelli, lavorazioni e prodotti) stanno a testimoniare l'esistenza di un altro progetto per l'arredo contemporaneo: il progetto artigiano. Un progetto che, a differenza della tendenziale separazione nell'industrial design tra momento progettuale, ingegnerizzazione e momento produttivo, fonde quotidianamente cultura formale, cultura tecnica e saper fare. Un modo non molto diffuso ma molto interessante di affrontare il tema della qualità nella riproducibilità.
