

This is the fifth title in The Masterclass Embroidery Series showing how to create stunning embroideries designed by internationally acclaimed textile artist Helen M. Stevens. Helen explores a range of beautiful garden settings, from the intimate and personal cottage garden, to the stately splendour of the formal country park, using pure silk embroidery threads to achieve astonishingly realistic effects. Each of the five chapters builds toward an in-depth masterclass project including landscape templates and close-up detailed colour templates of garden wildlife, as well as colour keys and step-by-step stitching instructions. Easy-to-follow colour photographs illustrate the working stages of each masterclass embroidery, ensuring that perfect results can be achieved when recreating the picturesque designs.
