

Hovering Horizons is the exciting, at times death-defying story of Kenneth Whitley, decorated Vietnam Veteran Cobra pilot. It details how his boyhood in a small Texas town helped create the warrior he became. It takes readers through the many perils and split second decisions that he needed to make to stay alive in Vietnam. It then continues his journey as he flew choppers in Arabia and Africa, where he also met with exciting challenges of a completely different nature. Hovering Horizons is an excellent read for veterans, pilots, thrill-seekers, history buffs, or anyone who has ever wondered what its like to live (not just travel) all around the world. His unique stories and insights will keep you turning the pages, and when youre finished, youll wish there were more. Itâ€™s that intriguing.
