

An oral history of the JFK autopsy Anyone interested in the greatest mystery of the 20th century will benefit from the historic perspective of the attendees of President Kennedy's autopsy. For the first time in their own words these witnesses to history give firsthand accounts of what took place in the autopsy morgue at Bethesda, Maryland, on the night on November 22, 1963. Author William Matson Law set out on a personal quest to reach an understanding of the circumstances underpinning the assassination of John F. Kennedy. His investigation led him to the autopsy on the president's body at the National Naval Medical Center. In the Eye of History comprises conversations with eight individuals who agreed to talk: Dennis David, Paul O'Connor, James Jenkins, Jerrol Custer, Harold Rydberg, Sandra Spencer, and ex-FBI Special Agents James Sibert and Frances O'Neill. These eyewitnesses relate their stories comprehensively, and Law allows them to tell it as they remember it without attempting to fit any pro- or anticonspiracy agenda. The book also features a DVD featuring these firsthand interviews.
