

The possibility of extra-ordinary people living among us raises some questions. Who could they be? Where do they come from? What is their mission in life? Do they even know who they are? Are extra-ordinary people totally or only human? Were Jesus Christ, Beethoven, Leonardo da Vinci only human? and who are the strange people who secretly meet every year at a small island in Sweden? Eventually, you might ask yourself do I know some people who are extra-ordinary? Maybe you do. Finally, the question is obvious, Do I know who I am? LET ME LIVE AGAIN might not be a science fiction book but a reality based book disguised as a fiction novel.
