The Listening Power 2 Student Book (available separately) features four distinct parts designed to be used concurrently. Language Focus teaches essential and sometimes difficult to understand language structures such as questions, numbers, reduced forms, homonyms, and sentence stress. Comprehension Focus presents skills for understanding main ideas and details, making inferences, and understanding sequence. Activities to help students apply the skills follow the presentation. Note-Taking Skills teaches students how to identify important words and information. This section also presents helpful techniques such as use of abbreviations, symbols, and formatting.
