

In 1943 Sergeant Tiger Tiller was already a seasoned veteran and a surviving member of the Cockleshell Heroes. However, his war was far from over as he joined the newly formed detachment of the Special Boat Section led by Captain Magnus Larsen in the islands of the Aegean. There they would conduct a perilous, piratical war, using guns, knives and their bare hands to battle the might of the German Wehrmacht. Slipping from island to island they would call upon all their resourcefulness, courage and daring to defeat the enemy. This is classic military fiction at its best.
