

My Birdie Buddie captures the magical spirit of a child. The child in the story hears what the adults around him cannot, but trusts in himself and them enough to share his ability to hear a bird speak to him. He simply believes a bird wants to meet him and become his buddie and that this can happen if he follows his heart. Though he uses a wheelchair and others cannot hear the bird, he knows he has to find a way to reach out and meet this new friend.
