

On the surface, current affairs reporter Nicola Harvey has the world at her feet - she's at the top of her profession, part of Australian television's celebrity A-list, has a wealthy, successful fiancé and a beautiful warehouse conversion in Adelaide. But appearances can be deceiving and not all is perfect in Nicola's world. So when her boss offers to send her on an extended research trip to investigate the effects of the drought, she jumps at the chance to indulge in some country-style relaxation. When Nicola arrives in the little town of Nowhere Else, nothing is as she expected: there's no spa in town, the locals are tight-lipped, and she senses it's not just the drought that is making the town nervous. So why has her boss sent her out here? The deeper Nicola digs into the town's history, the more she realises coming to Nowhere Else wasn't a mistake after all. In fact, it may just unlock the mystery of her own past - and hold the key to her future happiness.
