

Have you ever noticed a humming bird building its nest very carefully? If you cared to pay attention to it then you must have also seen it working relentlessly to make it more beautiful a place to live-in. So, what your life all about is how you perceive it. If you want to live a life that is not monotonous and to bring some charisma to your life, then think a bit different and make your life joyful with pleasant colors making a feat around you, always. This book provides information on how colors can affect you and what all you can do make a difference with appropriately chosen colors under various headings.
