

Explores new dimensions, new definitions, and new perceptions of the state in Latin America. The return of democracy to the region as a whole means that redefining the state is no longer in the hands of elite groups, but in those of society as a whole. How this will affect the political and economic organization and governance of Latin American societies in the post-Cold War world is the subject of this book. Based on the IVth Annual International Forum on Latin American Perspectives, this book is sponsored jointly by the Inter-American Development Bank and the OECD Development Centre.
