

This book was digitized and reprinted from the collections of the University of California Libraries. It was produced from digital images created through the libraries' mass digitization efforts. The digital images were cleaned and prepared for printing through automated processes. Despite the cleaning process, occasional flaws may still be present that were part of the original work itself, or introduced during digitization. This book and hundreds of thousands of others can be found online in the HathiTrust Digital Library at [www.hathitrust.org](http://www.hathitrust.org).

s L. Scott Muller and M. E. Lando, Replacement of Earnings of the Disabled Under Social Security: Levels and Trends. (Research Report No. 53). than-average reductions in social security retirement income compared to the benefits they would have received if the full retirement age had not been. L.
