These are the Sky Men. Dropping into the middle of enemy territory, these British, American, German and Russian soldiers engage in gruelling combat in the most dangerous conflict zones around the world. Robert Kershaw, an ex-Parachute Regiment officer, reveals the history of these airborne forces, and their role during the most dramatic battles of the twentieth century. He finds out what makes them tick, what drives a Sky Man to take these extraordinary risks, and what marks these sky warriors out from ordinary soldiers. Based on exclusive interviews with soldiers from around the world, as well as letters and diaries, Sky Men is full of vivid personalities and nail-biting action.
