

Written by a stockbroker and stock trader with over 35 years experience and geared towards both new and experienced investors alike, this book covers the many order types available such as Market and Limit Orders, Fill or Kill, Stop Limit, Immediate or Cancel and many more. Other subject areas include how to read and interpret basic and expanded quotes, the After-Hours Market, Short Selling, Margin Trading, Stock Splits and more. A worthwhile read even for non-stock traders, the book also provides interesting factual information such as: Why do we call them stocks? (Its related to stockade.) What was the purpose of the wall that gave Wall Street its name? Why did the New York Stock Exchange trade in 1/8s of a dollar for over 200 years only ending the practice at the dawn of the 21st century? Why are they called Bull and Bear Markets? What does Nasdaq actually stand for? What do the statues above the entrance of the New York Stock Exchange represent? The book also provides historical pictures of the New York Financial District as well as an overview of how the paper currency of the United States has changed over the years.
