

What a considerable treasure! Ollie has let us in on her personal commitment to inner growth, intricately weaving together the realities of the psyche and the realities of the time/space world, with a colorful mixture of profound truths and the wisdom of her own experience. *Tamed By the Wild* is a psycho-ecological autobiography. It records her devotion to Life in a process of mutual inter dependency; through such loving interaction human, animal, and plant life are transformed. Timely and inspiring! - Elizabeth Strahan, Past President C. G. Jung Institute
