

What if you were raised on Earth, believing that all that you've known is all there is, and then, that simple existence is suddenly called into question? For fourteen-year-old Emily Wayne, that's exactly what has happened. When her godfather, a renowned doctor, informs her that she comes from another world, she must choose to believe his intriguing tale or sit back and watch as he is taken into custody by the government's brazen paramilitary team. Will she journey to a parallel world that she knows nothing of to sharpen her magical powers or will she choose the only world she's ever known and deal with what could be dire consequences?

Shakespeare's Holinshed, The Master Speaks: Inspired Sayings of Sri Swami Rama: A Perpetual Calendar, The development of seership : the science of knowing the future : Hindoo and oriental methods, The Two Babylons: Or, the Papal Worship Proved to Be the Worship of Nimrod, High-Order Harmonic Generation in Laser Plasma Plumes, Physiological and Management Aspects of Wheat: Agronomic Practices, Growth, Yield and Quality Traits of Wheat,
