

If you are tired of feeling sad, depressed, anxious, lonely, afraid or just plain worn out, now might be the perfect time to start GIVING A FUCK about your life! There are FIVE questions in the Forward of this book. If you can answer each one with complete honesty, then don't bother reading the rest of the book. Your life is perfect! If you can't answer them all with your best interests at heart, then Give A Fuck and read on! Many of you have adopted that feeling of Whatever, Who Gives A Fuck, What's The Point, all because the world has changed so much we find it way harder to fit our lives into it the way we used to. The problem with that is, when you stop Giving A Fuck, then the possibility of resolution to some of your most pressing problems start disappearing! When you start believing you do not have the power to alter your circumstances, you throw in the towel, raise the white flag and say, I Give! You Win! I Don't Give A Fuck Anymore! That right there is the recipe for disaster. Nothing good can come from that attitude! NOTHING! If you're ready to jump back into your life and look for some resolutions, then read this book. The only way to a better life is to take responsibility for it. No one gets anything handed to them on a silver platter these days. Life, the good one you're hoping to have, takes action.
