

Tyler had it all: good looks, a prestigious job as a doctor, a beautiful wife, and a great relationship with his stepdaughter Sofia. He should have been happy, but he found himself wanting more. Tyler's friends convinced him to join a club where he got more. All he had to do was bring his stepdaughter along and share her with his friends. The lie of Tyler's marriage is crashing down around him as he faces the consequences for a series of bad decisions. An unwanted pregnancy, inappropriate flings, and a relationship with his stepdaughter that can best be described as complicated are nothing compared to his wife's wrath when she finds out about everything. Tyler turns to drink and his pregnant girlfriend for help, before realizing the one woman who might be able to help him is Victoria, his stepdaughter's secret lover. Will Victoria be able to save Tyler from the dramatic explosion of his marriage? If so, at what cost?
