

Excerpt from The Ethics of Aristotle, Vol. 1 of 2: Illustrated With Essays and Notes The call for a new edition of a book on Aristotles Ethics, after an interval of ten years, gives an opportunity for second thoughts, which indeed are necessitated by the valuable work, in connection not only with this treatise, but with the Aristotelian writings in general, which has been done by scholars in the meantime. Accordingly, after reading Zellers learned demonstration that all the great works of Aristotle were known to the world during the last 250 years before the Christian era, I have modified the view, too hastily adopted in former editions, of the fate of Aristotles writings (see Essay I. p. 10). About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
