

In a world come to an end, one girl and one ragtag group of teen slaves find each other in the dark woods. They plan to make a stand. This collection includes the first three books in the Young Adult Dystopian series THE PLANTATION. (BOOKS: The Plantation, The Dark Legion, The Shadow Empire) THE PLANTATION (Book 1) A century has passed since they arrived. Human history has been erased. Children are enslaved on Alien plantations. Some have heard whispers of the existence of a rebel band of humans who roam free in the forests. Most slaves dare not speak of the rebels for fear the mutant guards will grab and make an example of them. Seventeen-year-old Freya is pulled away in the night not by the mutants, but by her old friend Finn, to join the Savivors, the mythic band of rebel teens. Her bliss fades when she discovers she is the only Savior without a special ability. She is the odd one out, slowly pushing Finn away, defying Damian, the leader of the Savivors, and antagonizing the fierce and beautiful Daphne. In her despair Freya reaches deep within to discover a dark destiny, a truth so heavy it threatens to destroy her. THE DARK LEGION (Book 2) They have waited for her all these years, even before she was born. She lives hidden from their vulture-like drones, hidden in the dark, cavernous lair of her enemies. The unseen ones will come for her. They must come for her. Their very existence depends on finding her, the girl with the gift of light, of power, of life. Haunted by a past she does not understand, by a destiny they plan for her, Freya must leave the Savivors behind, leave Damian and Finn, leave even little Pip and embark on a perilous journey with a beastly warrior. She will venture out beyond the ends of the charted lands, risking all she holds dear to cross the dead zone to where the Dark Legion awaits. THE SHADOW EMPIRE (Book 3) They come from a noble legacy of wonder and discovery. They cut through wormholes, portals and anomalies like shadows skipping across a celestial sea. The hooded ones appear in an instant and disappear in a fraction. Every sleeping child fears a glimpse of their ghastly faces in their darkest dreams. The Shadow Empire is dying. Their struggle for survival has reached a final battlefield in the forests of a primitive planet called Earth. Freya, the hunted one, the most wanted fugitive in the history of the empire, wants to make everything right in her own dying world. She feels rage flowing through her fingertips. She feels her broken heart hungering savage ways. She must become like nothing the world has ever known to save Damian, to save the floating city, to save Finn and Pip and little Tobi, too, but with war looming, will she be able to save her own soul?
