

Among so many compelling issues, there is always room for another one. This time it looks like we are dealing with something that could threaten the very existence of humankind. How do we know beyond any reasonable doubt that we are facing a real threat? Could this be a typical case of collective hysteria, or is the truth simply too hard to handle? You may believe anything or question everything. You may even believe truth is a matter of perspective. Now turn around and open your eyes!
