

Using examples from everyday life, this book teaches you how to form value judgments, express yourself, and convince others to accept your value judgments. In *Values*, John T. Goldthwait shows you how to:- understand values and value judgments- tell the difference between value judgments and statements of fact- generate and formulate value judgments in clear language- examine and accept or reject value judgments that others urge upon you- find support for the value judgments you want others to believe- understand the role of values in your life- understand the relation between values and moral principles, between values and individual choices- understand why you have a right to your own value judgments You will find that studying and getting acquainted with values is a fascinating and pleasurable pursuit.

A SYMPOSIUM. Michael McKenzie, Kenneth R. Williams, Anne Weed, and Thomas X. Carroll. *Values and Teaching*. This is a discussion on the importance of.
