

In this fifth and final instalment in the first series of Vampire. Gwen discovers the truth behind the origins of vampirism. However, all is not as simple as she thought it would be. And so she must come to a decision - should she eradicate vampirism for all time and in doing so destroy Robert, the man she loves above all others? Or should she let love survive? Reviews for other books in the series: 5* By Alexander M. Cavazos on September 26, 2015 Format: Kindle Edition Verified Purchase A thoroughly good read. While vampire novels may have run their course on the popularity charts, there are a few authors out there who know how reel us back in. Ms. Mitchell is one of those authors for sure. I've read every book in her series and can't wait for the next. You have a devoted fan, Charmain. No question. Keep me coming. 5* By Chris mcandrew on August 17, 2015 Format: Kindle Edition I am currently on the last book in this series and am choosing to write my review before the review title as I want to make sure I do her justice. This is only my second review ever, I have read hundreds of Novels in this genre. This series kept me captivated into each one following. Charmain is truly an enigma in a time where writers and authors are many. There are truly many fine writers in this genre however Charmain's deep exploration into the thralls of the human heart, mind and soul and one seemingly damned for all time. Her grasp to hold onto what humanity is left in her seemingly damned mind and soul. What a talented mind she has for story telling. I was pleasantly surprised as it takes me several days to find another series which keeps me captivated and eager for the next. I will keep Charmain in the list of favorite authors and would love to see another story or novel by her in this genre. Amazingly talented and a riveting read! If you wish to follow Charmain or read some of her other books you can follow her here: <https://www.facebook.com/GwenVampire/>
