

Walking With God chronicles some of the events in the life of an ordinary Jewish businessman that led him to an understanding of God's deep and constant love. It is the story of how acceptance of that love changed a life devoid of real meaning into a life overflowing with joy, purpose, and peace. It is the story of God's interest in every aspect of our lives, no matter how small, and His desire to develop a personal relationship with each of us -- no matter our background, religion, or circumstances. Each chapter is a vignette that offers insight into God's love and caring, as the author takes his first tenuous steps toward turning his life over to God's will rather than insisting on his own. On the way, he experiences miraculous healings, prophecy, and a host of new beginnings that bring more meaning and richness to his life than he ever dreamed possible. Marriage, child-rearing, family relationships, career paths, education, sports, public service, neighborliness, and kindness to strangers -- all are parts of life he learns to submit to God's lordship and friendship through Jesus Christ. From the time of Adam and Eve, God has always been about one-on-one relationship. This heart to heart bonding is the very reason He created man, and He loves for man to draw near to Him in this personal way. Certainly, we can exercise the choice to leave God out of our daily walk, but His Word (the Old and New Testaments of the Bible) and His Spirit are the means by which we commune with Him. Living life while walking with God in obedience is fun, fulfilling, and will last into eternity.
