

Ever wonder what your life could be if you focused more on believing that YES you can do it and less on listening to those trying to keep you down and are not believing in you? We are so programmed to hearing the word NO that growing up it has become part of our subconscious. It is hard not to listen and take it personal when someone doubts us. When we believe that we have an amazing idea we instantly tell ourselves NO you cant do that. What if you fail? Everyone will laugh at you. But dont forget to ask yourself....what if I succeed? YES you are valuable! YES you are powerful! YES you deserve happiness! Through my own experiences that I share in this book I have learned to say YES more often. It has helped me overcome a lot. If you dont say YES to you then who will? When NO becomes YES then the world becomes yours.
