

In the early to mid-60s, Womans Day published a series of articles that quickly became one of the magazines most popular features. With concise descriptions and lavish numbers of clear drawings, they identified all the most important forms of antique furniture. So useful were these articles to beginning collector and expert alike that Womans Day quickly exhausted its supply of reprints. Now the entire series of dictionaries has been collected in one easily handled volume. From inkstands to highboys, from clocks to bedsteads, the most typical and interesting pieces are outlined here. Every period of American furnishings is illustrated, from the Colonial through the late Victorian periods, along with the European styles that helped to shape American tastes. Together these dictionaries form a valuable source for the antiquer as well as for anyone wishing to furnish a house in period style.

Julie Johnsons Guide to AP Music Theory, Return to Elysium, Kayes and Mallesons History of the Indian Mutiny of 1857-8: Volume 4 (Cambridge Library Collection - Naval and Military History), The Hotel on Place Vendome: Life, Death, and Betrayal at the Hotel Ritz in Paris, Shalom Aleichem - Piano Sheet Music Collection Part 5 (Jewish Songs And Dances Arranged For Piano), Walfords Guide to Reference Material: Social and Historical Sciences, Philosophy and Religion, Soluzioni di casa Risparmio & Ambiente: 269 idee per un'abitazione perfetta.
