Young adults comprise 25% of library patrons, yet nationwide only 11% of libraries have a young adult librarian. By offering services specifically for young adults, libraries will fulfill their responsibility to provide services to the entire community, rather than ignoring this fast growing segment of the population. The book focuses on topics related to young adult collections, including readers advisory, genre fiction, non-fiction, magazines, non-print materials, trends, publishing, censorship, and restricted access to materials and services based on age. Teens use of technology, especially the Internet, is covered as well. Addressing the full spectrum of library services aimed at teens, this handbook is intended for use by novices as well as experts.
